LBBW firmly on track - Half-year results 2026

LBBW continued its positive performance in the first half of 2026. The bank again recorded strong earnings of EUR 708 million before tax, reaching again the high level of the previous year (EUR 705 million).

The cost/income ratio improved to 60.4% (H1 2025: 61.8%) thanks to the bank's stable income. At 8.3%, return on equity (RoE) was marginally lower than in the previous year (8.6%). The common equity Tier 1 capital ratio (CRR III) of 16.1% is far above the regulatory requirements. The low non performing exposures (NPE) ratio of 0.9%.

The Corporate Customers segment recorded a pre-tax profit of EUR 312 million (previous year: EUR 360 million).
